Work Experience

Intern Frontend Web Developer

Oct-2023 - Present

Toolfe - IT Consultancy & Services

- As an intern Frontend Developer at Toolfe Company.
- I'm eager to apply my passion for coding and creativity to contribute to dynamic web development projects with a foundation in HTML, CSS, and JavaScript.

Projects

Toolfe Landing Page

Duration : 1 Month

- Assisted in the development of website features and enhancements using HTML, CSS, and JavaScript.
- Participated in code reviews and contributed to improving coding standards and best practices.
- Conducted research on emerging web technologies and proposed recommendations for implementation.
- Collaborated with senior developers on various projects, gaining hands-on experience in web development methodologies.

Puma App

Duration : 1 Week

- Developed and maintained responsive landing pages for various marketing campaigns, resulting in a increase in conversion rates.
- Collaborated with design and marketing teams to translate wireframes and mockups into interactive web experiences.
- Ensured cross-browser compatibility and optimized page loading speeds for improved user experience.
- By using several UI frameworks like Gsap, Framer-motion etc to insert animations.

Bike Service App

Duration : 1 month

- Designed and developed a bike service app from scratch using the MERN stack, allowing users to schedule bike repairs and maintenance services online.
- Implemented user authentication and authorization features using JWT tokens and OAuth for secure access to application resources.

Education

B-Tech: Mechanical Engineering

Kalasalingam University

CGPA: 7.12

June 2015 - April 2019
